

THE ASK

Approve SAR 40M for the eight regions below 65%

Every lagging region gets support, and most of the money goes to the widest gaps.

SAR 35M

Four widest gaps

Najran · Northern Borders · Al-Baha · Jazan

SAR 5M

Other four regions

Asir · Tabuk · Hail · Al-Jouf

National adoption passed 65%, but the average hides the gaps

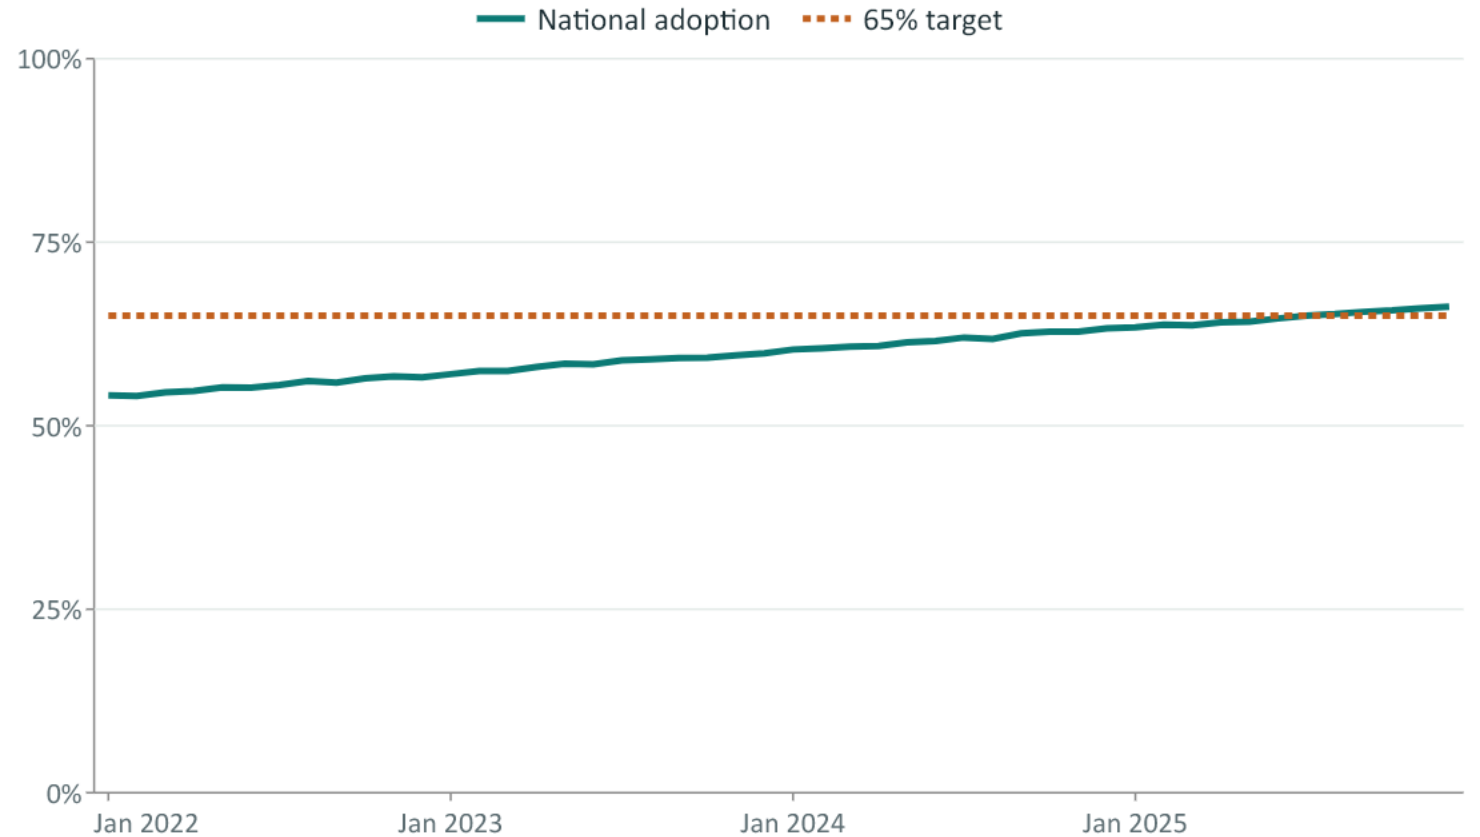

DECEMBER 2025

66.21%

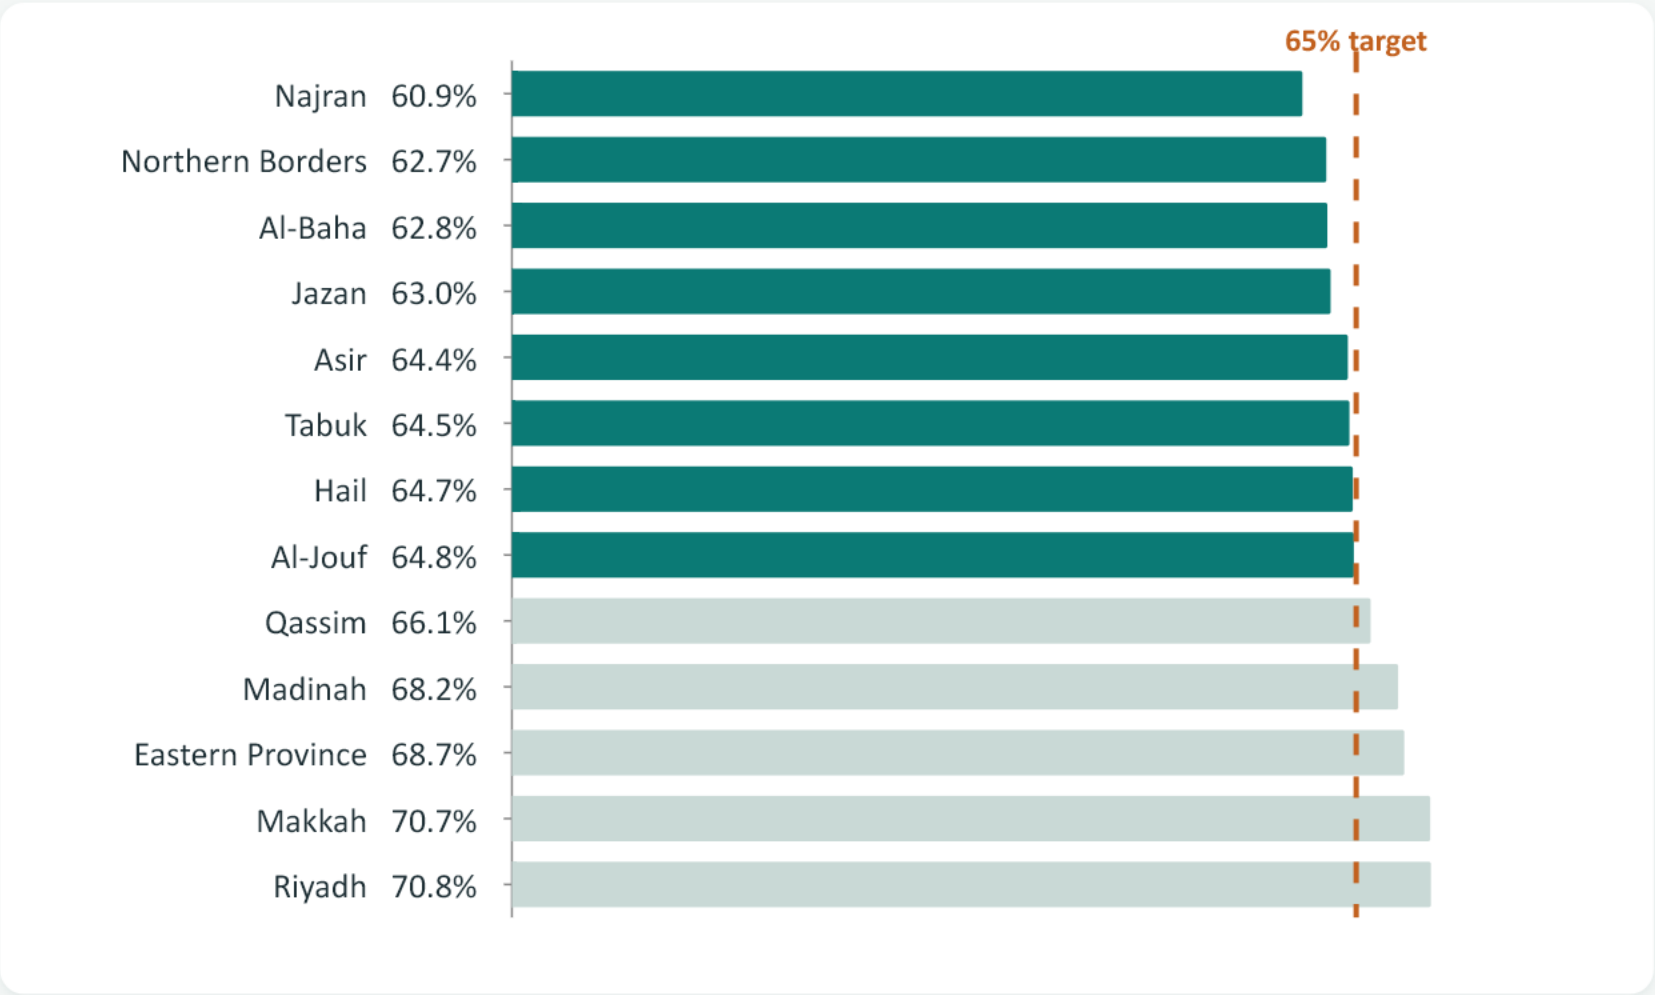

National adoption

+1.2 points
above the 65% target

+12 points
since January 2022

Eight of 13 regions are still below 65%

8

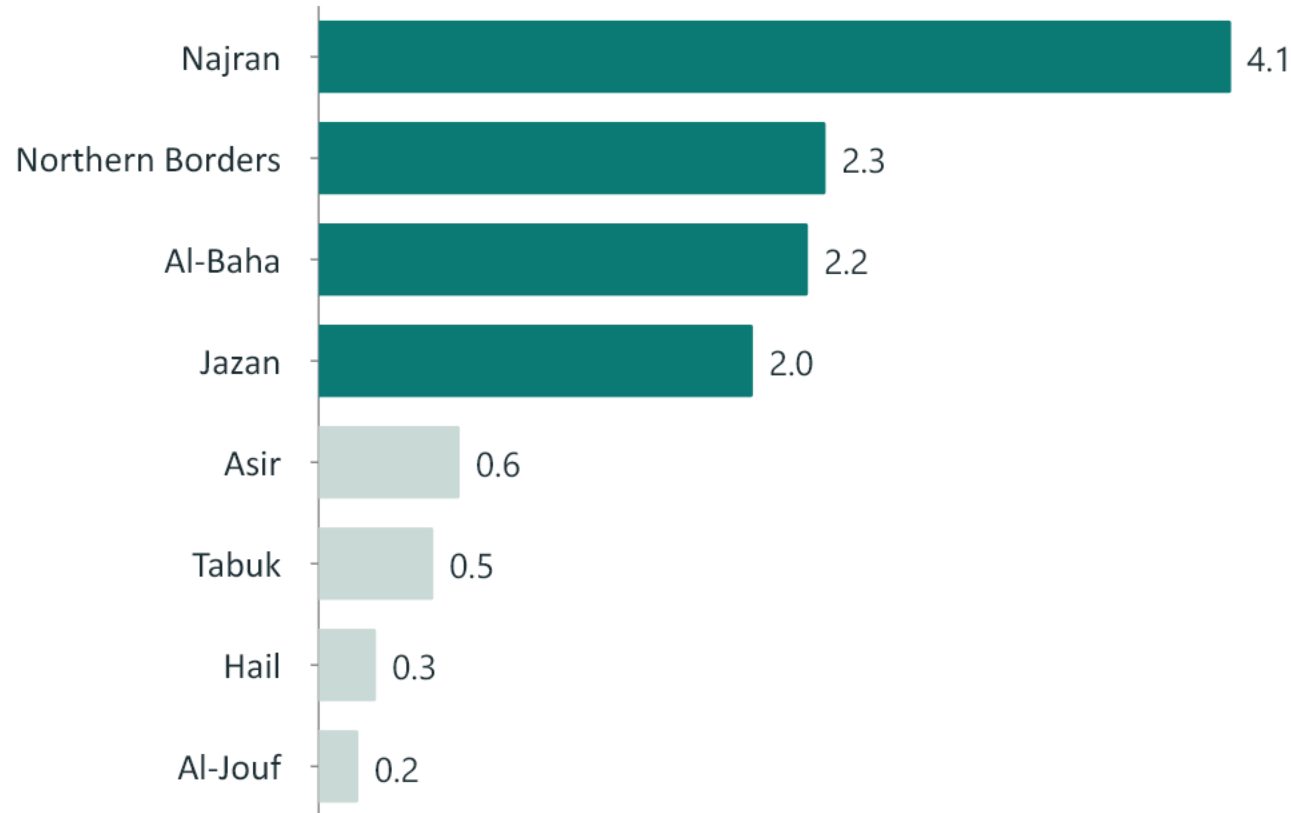

regions below target, shown in dark teal

Najran is furthest behind
at 60.9%, about 4 points short.

The big four lift the average
Riyadh, Makkah, Eastern Province and Madinah sit well above 65%.

Four regions hold 87% of the total gap

Points below the 65% target, December 2025

87%

of the combined gap sits in Najran, Northern Borders, Al-Baha and Jazan

So what?

These four need most of the money. The other four are close to target and need a smaller push.

Funding by size of gap covers everyone and follows need

Option 1

Equal funding

SAR 5M to each of the 8 regions

Benefit

Simple and equal

Risk

Treats a 4-point gap the same as a 0.2-point gap

Option 2

Four regions only

SAR 10M to each of the widest four

Benefit

Strong focus on the biggest gaps

Risk

Four lagging regions get nothing

RECOMMENDED

Option 3

By size of gap

SAR 35M to the widest four, SAR 5M to the other four

Benefit

Covers all eight and follows need

Risk

Local costs must be checked before spending

SAR 35M to the four widest gaps, SAR 5M to the other four

Region	Gap (points)	SAR million
Four widest gaps		35
Najran	4.1	13.5
Northern Borders	2.3	7.5
Al-Baha	2.2	7.5
Jazan	2.0	6.5
Other four regions		5
Asir	0.6	2
Tabuk	0.5	1.5
Hail	0.3	1
Al-Jouf	0.2	0.5
Total		40

SAR 35M

Najran, Northern Borders, Al-Baha and Jazan

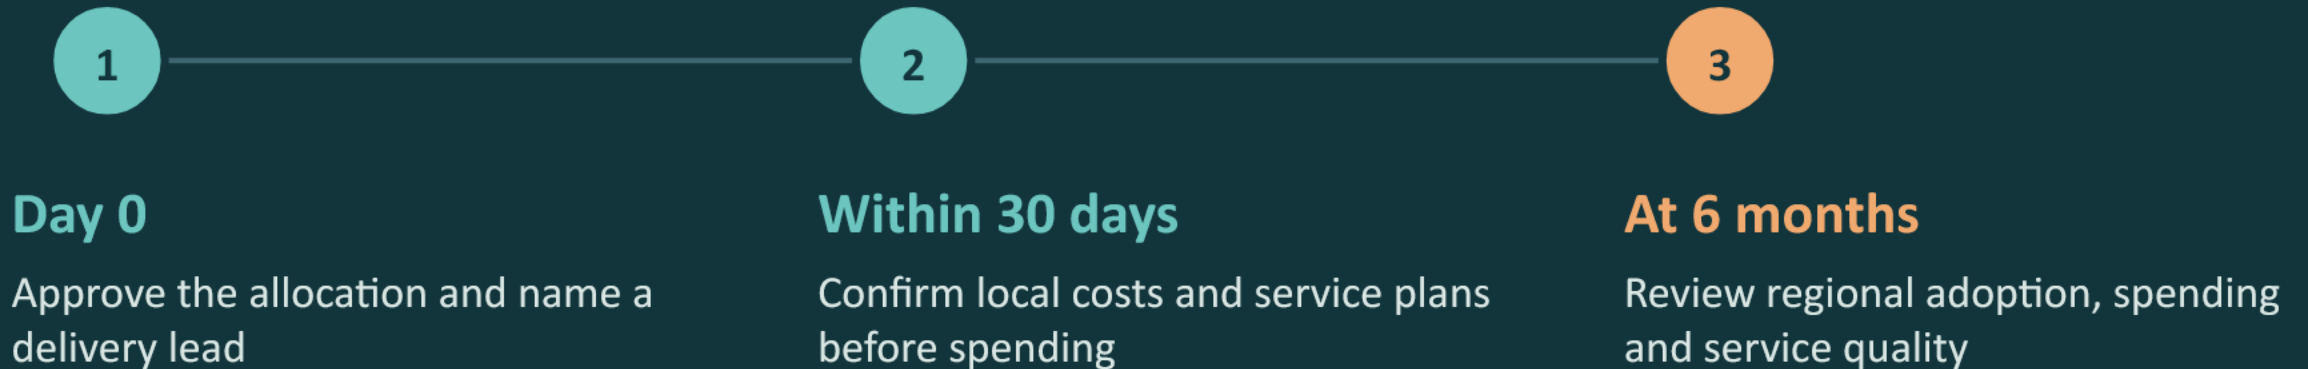

SAR 5M

Asir, Tabuk, Hail and Al-Jouf

How we split it: the bigger a region's gap, the bigger its share of the SAR 40M. All of it goes to the regions.

THE ASK

Approve SAR 40M for all eight regions today

Success goal: every funded region moves closer to 65%. If a region does not improve, we adjust its plan.
