

Trial funding focuses on three regions

SAR 40 million

Najran, Jazan and Northern Borders

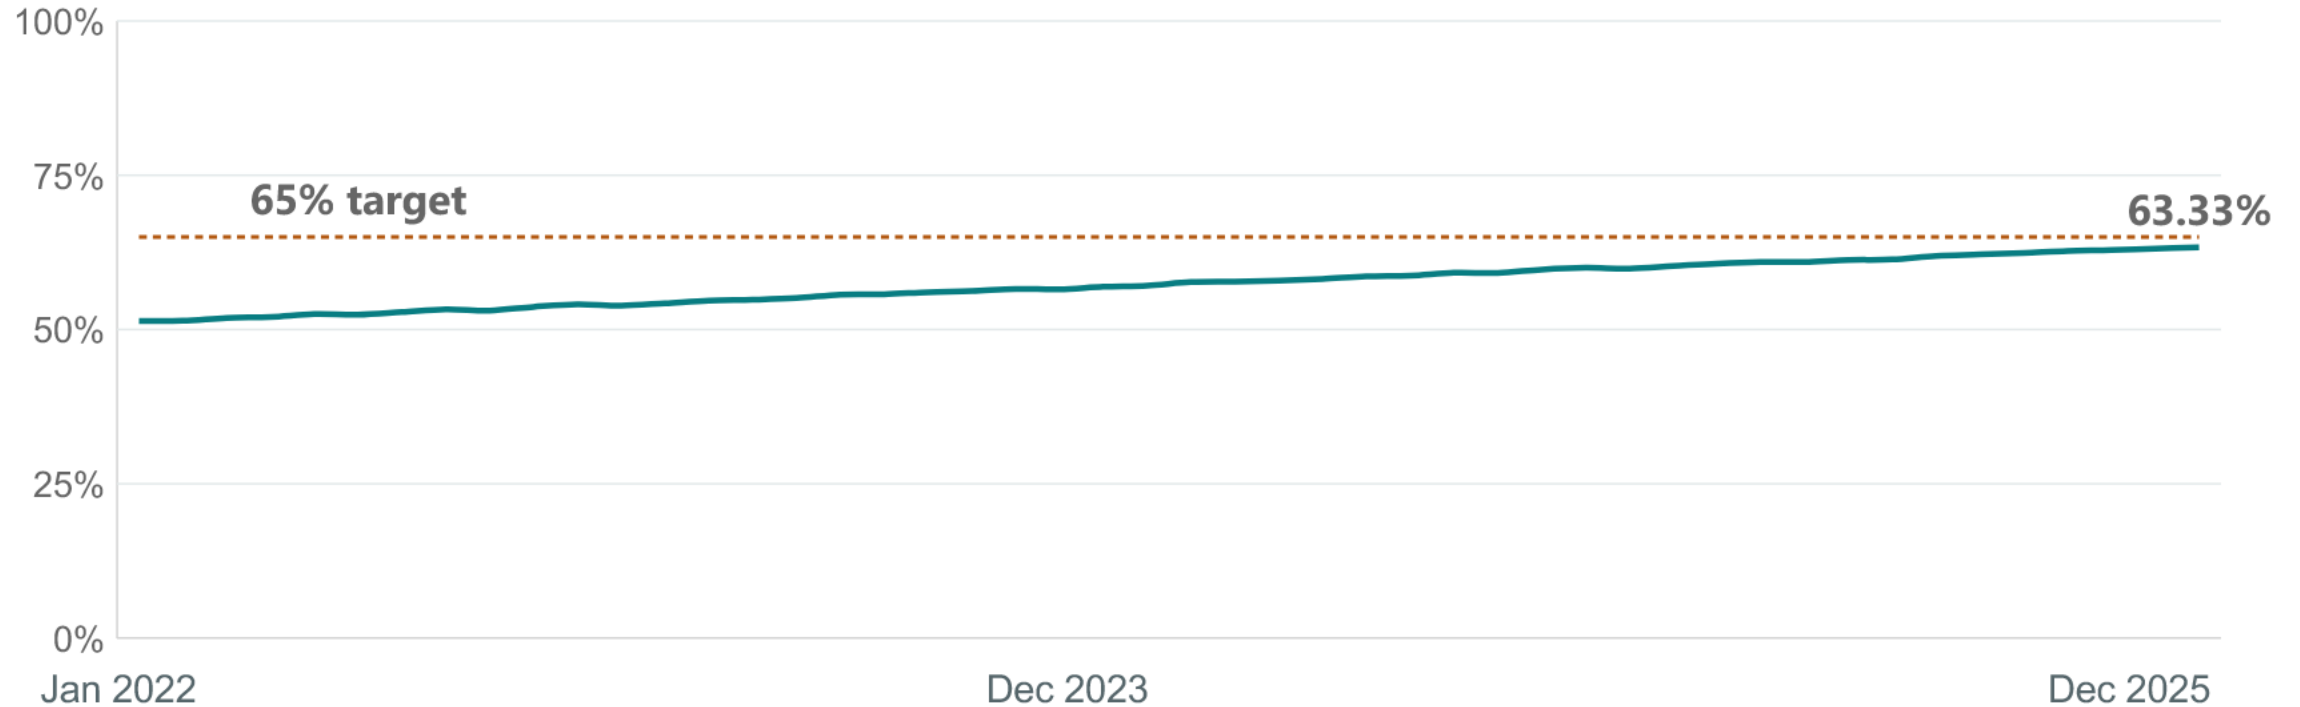

**First SAR 10M after trial plan approval.
Hold SAR 30M for review.**

Target 65%. Fund large gaps and test before expanding.

Adoption improved but is still below 65%

December 2025. Gap: 1.67 percentage points

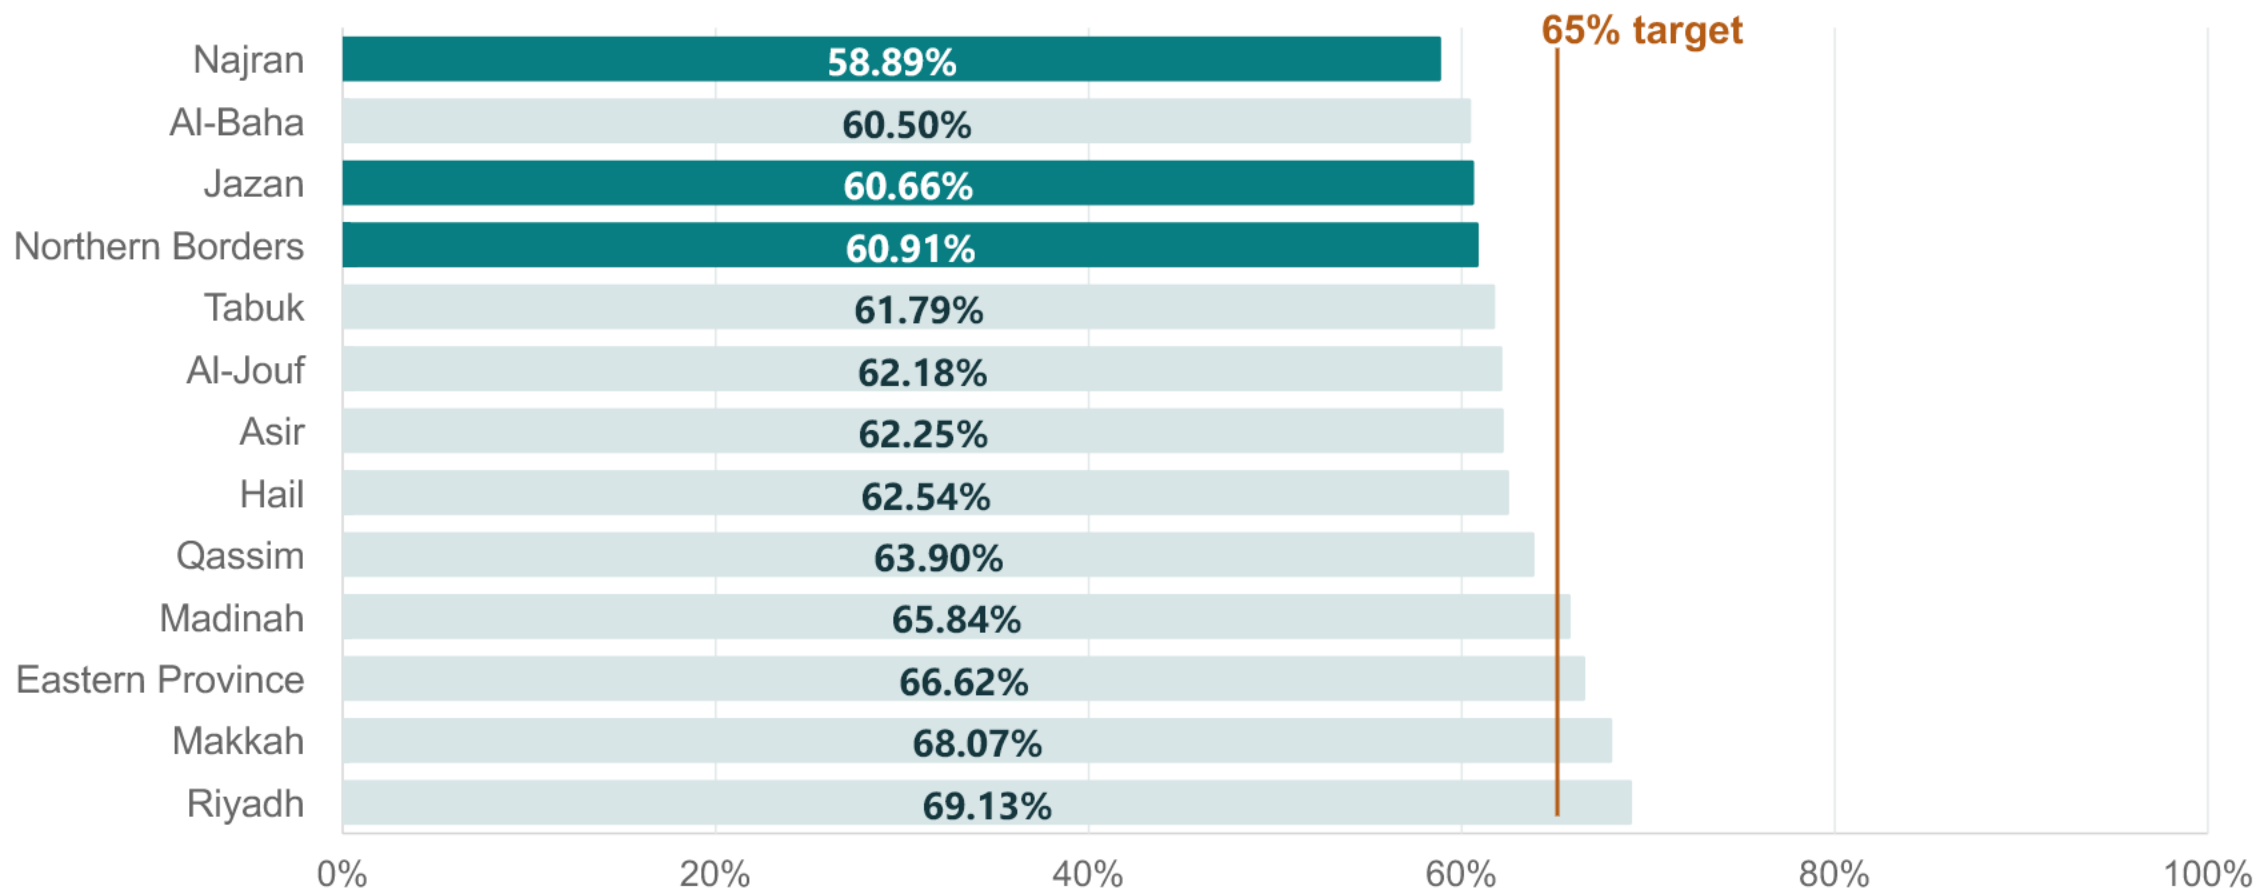

63.33%

Using transaction counts as weights gives 66.12%, above 65%.

Course measure: simple average of adoption percentages. Synthetic training data.

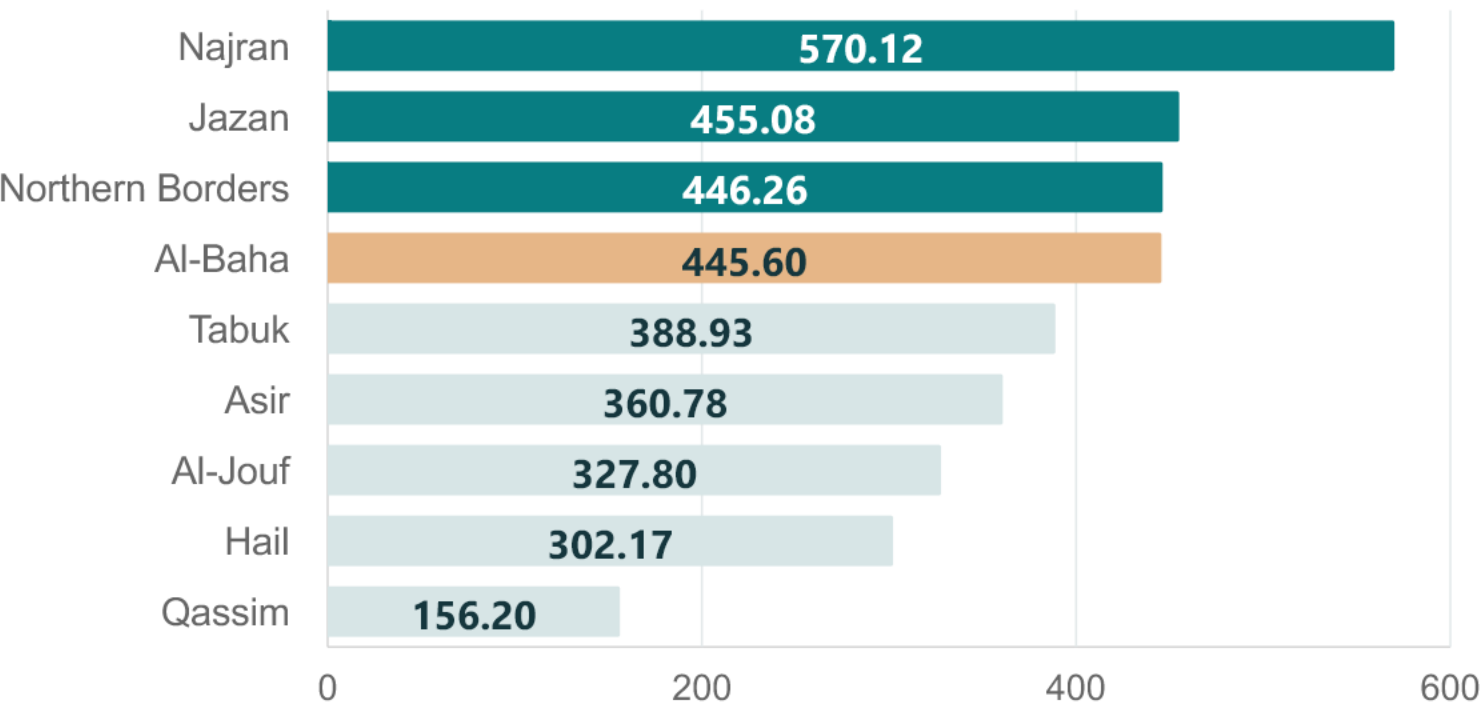

Nine regions are below 65% in December 2025

Dark teal shows proposed trial regions. Orange marks the 65% target.

Najran ranks first. Third place is almost a tie

December 2025. Dark teal: trial regions. Orange: Al-Baha.

42.61%

Trial regions' share
of the score for all
9 regions below 65%

Gap to 65% (points)

Najran 6.11
Jazan 4.34
Northern Borders 4.09

Priority score = target gap / 100 × December transactions (ranking only)

Almost a tie: Northern Borders 446.26 and Al-Baha 445.60

Transaction weighting puts Al-Baha ahead of Jazan. Confirm the measure before funding.

Funding in steps lets us test before spending more

Option	Use of SAR 40M	Main benefit	Main risk
Equal funding	About SAR 4.44M for each of the 9 regions	Covers all 9 regions below target	Ignores different gaps and transaction volumes
All funding now	SAR 40M in the 3 trial regions	Focuses on current priorities	Spends all funding before testing
Funding in steps	SAR 35M for regions and SAR 5M for review	Tests before full budget release	Needs agreed measures and review

First SAR 10M after trial plan approval. Hold SAR 30M.

The data cannot show which option gives the highest return.

SAR 35M for regions and SAR 5M for review

Budget area	SAR million
Najran	13
Jazan	11
Northern Borders	11
Review and reserve	5
Total	40

64.45%

National average if the 3 regions reach 65% and the other regions stay unchanged

An example only.
The budget effect is unknown.

Budget amounts need local cost checks. This example still falls below 65%.

The 40M proposal starts with 10M in trials

First 10M after trial plan approval. Hold 30M.

After budget approval	Next step
Day 0	Approve the 40M budget and choose a lead
Within 30 days	Approve the trial plan. Start when ready.
Day 90	Review results and costs before any later release

Trial goal: +2 percentage points and steady service quality

Goal only. Day 90 starts at budget approval. Extend the review if needed.
